

Give your employees something they'll really value - time!

HolidayFlex provides an easy way for employees to buy additional annual leave, making that all-important work/life balance more achievable.

How it works

HolidayFlex is a simple, flexible benefit which your staff will really appreciate. The scheme works through salary sacrifice, with employees agreeing to a reduction in pay in exchange for receiving additional holiday.

We provide a fully-managed service, including completing the salary sacrifice agreements and providing you with clear HR and payroll information. Simply decide how many days of annual leave you would like your employees to be allowed to buy and we'll handle the rest.
